CIRCULAR

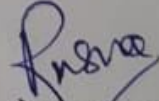

Consequent to ban of coal and drastic reduction in handling of Iron Ore Cargo, Port is facing severe financial crisis. It is observed that the Medical Expenditure is also on rise and despite having adequate number of empaneled referral hospitals at CGHS rates in Goa, Employees/Pensioners are visiting private hospitals and claiming reimbursements for medical expenses.

As per MPE Regulation, in case of medical emergency employees/pensioners have to report to MPA Hospital or the nearest Government Hospital for medical treatment. They can go to one of the empaneled hospitals of MPA after taking referral letter from MPA Hospital for treatment on credit basis, at CGHS rates/Approved rates.

The names of Approved Hospitals/Centres in Goa are as given hereunder:
