TRADE CIRCULAR NO. 1/2023

Sub: - Dust suppression measures at port –reg.

To mitigate the likely dust pollution caused due to transportation of Cargo from and to the port, GSPCB has recommended the following measures which are to be followed strictly by all the concerned involved in the transportation of cargo.

1. All the transportation vehicles must be properly covered with tarpaulin.
2. The heap level of the cargo to be limited slightly below the top level of the truck carrier.
3. Empty trucks returning to the MPA must be cleaned at the previous destination.
4. Wheel washing station to be utilized by the transporters before leaving the port.

Non compliance of above will be viewed strictly, which might also include debarring of transporter and trucks.
