CHIEF MECHANICAL ENGINEER
MORMUGAO PORT TRUST

SCOPE OF WORK:

1. The starter / Alternator needing repairs is to be removed from site (Installed place) and to be shifted to contractors work place using his own transport without incurring any additional expenditure to the Port. The works to be carried out should be concurred along with the Port officials. After due repairs the same has to be fitted back and commissioned satisfactorily.
2. All the items / parts required for repairing the Starter/ Alternator are to the contractors account.
3. Periodicity for repairs of Starter/ Alternator is 72 hrs. However, in case of urgencies such as starter/ Alternator of DG sets, Fire Tender, Fire fighting equipments, etc., the starter/ Alternator has to be repaired and fitted within 24hrs. Urgency if any will be decided by the Engineer in Charge and intimated accordingly.
4. The time period for repairs starts from the time when the intimation is received by the contractor. The intimation will be given telephonically.
5. The repaired Starter/ Alternator shall have guarantee for one year. The Guarantee period shall commence from the date of commissioning/ handing over of Starter/alternator to Port.
6. In case of failure during guarantee period, necessary repair/replacement shall be carried out in mutual consultation with the Engineer In-charge without incurring additional expenditure to the Port whatsoever under any circumstances.
7. The period of ARC will be of 12 months (One year)
