**SUPERINTENDING ENGINEER(M)
MORMUGAO PORT TRUST**

TECHNICAL SPECIFICATION

1.0. GENERAL

Mormugao Port Trust invites the quotation for the work of "**Third party inspection of strengthening of upper tower structure foundations of Port HMC Italgru at Mormugao Port Trust**"

2.0 SCOPE OF WORK

- 2.1** The TPI agency shall provide the welding procedure to the contractor performing the work of strengthening of upper tower structure foundations of Port HMC by welding of 2 nos. stiffener plates on the foundation of upper tower structure of Port HMC.
- 2.2** The TPI agency shall witness, inspect and certify the welding of 2 Nos. stiffener plates of the dimension as shown in the drawing No. DVG01830 to the foundation of upper tower structure of Port HMC as shown in sketch no. Sketch-01. The drawing No. DVG01830 and sketch no. Sketch-01 are attached at Annexure-I and Annexure-II respectively.
- 2.3** Also, the supporting structural joints of the upper tower structure at 4 locations below the top sheave pulleys platform as shown by the Port Engineer and also in the drawing no. Drg.01 are corroded and the same are to be inspected for cracks. Since, these locations are at considerable height and there is no direct reach, the TPI agency personnel shall have to inspect these structural joints via necessary scaffolding provided by contractor performing the structural repair works. The drawing Drg. 01 is attached at Annexure-III.
- 2.4** In case any cracks are found and confirmed by ND test (DP/X-Ray/Ultrasonic/Magnetic particle test) as applicable carried out by the contractor, then these cracks are also to be repaired by welding as per the procedure instructed by the TPI agency and these welding are to be inspected and certified by the TPI agency.
- 2.5** On completion of the works, the TPI agency shall issue the **Inspection test certificate** of all the welded joints carried out by the contractor (including stiffener plates welded for strengthening of upper tower foundations) and **Completion report** after successful completion

of the strengthening work of upper tower structure foundations for making payment to the contractor and the TPI agency as per the payment terms.

- 2.6** Since the work is to be carried out at a considerable height on the crane, the TPI agency shall arrange for PPE (Personal Protective Equipments), safety belts etc. for their personnel to carry out the job. **All the personnel of the TPI agency shall be covered under a suitable insurance policy. Accidents, if any, fatal or otherwise at site shall be the sole responsibility of the contractor. The Port shall not be held liable for compensation in whatsoever manner under any circumstances**

3.0 TECHNICAL SPECIFICATIONS

- 3.1** All the welding works are to be carried out as per the welding procedure provided by the TPI agency and under their supervision.
- 3.2** All welded joints (carried out by the contractor) shall be tested by ND test (DP/X-Ray/Ultrasonic/Magnetic particle test) as applicable in presence of TPI agency personnel. **Inspection test certificate** along with **Completion report** shall be produced for our records after successful completion of the entire work.

4.0 EXPERIENCE OF SIMILAR WORK

The TPI Agency is required to furnish the relevant documents for having done similar works. Similar work means Third party inspection of repairs of structural welded joints of Harbour Mobile Cranes/ cranes/ships at Government organization/ PSU's/Reputed Organization .

3.0 GENERAL TERMS AND CONDITIONS.
