ADDITIONAL SPECIAL INSTRUCTIONS

1. The work shall be carried out without disturbing the school or operation of Port or other agencies working in the area.
2. All materials brought for use shall be stacked / stored properly in the area specified. Register of account of materials may be maintained at site.
3. The Plant/machinery/craft and workman shall be insured during the work and receipts of payment made towards premiums shall be submitted to the Chief Engineer.
4. Quoters are advised to go through the Schedule of Quantities and Rates and sequence of work before submission of the tender. They are also advised to inspect the site of venue and ascertain for themselves the nature and the extent of work involved and also obtain all clarifications they may require before filling in the tender.
5. Quoters are required to sign with date the Schedule of quantities and Rates and the form of Quotation and fill in all the particulars and details called for therein. Unsigned quotations, without EMD and other details called for are liable for rejection.
6. Measurements
The quantities provided for in the Schedule of Quantities and Rates are only approximate and are given to provide a common basis for tendering. The actual quantity may differ from those provided for in the Schedule in view of the complexity of the work. Payments will be made according to the actual quantities of work ordered and carried out, jointly measured by the representative of Chief Engineer and the contractor.

7. Rates and Prices to be inclusive.

The rates entered in the Schedule of Quantities by the contractor shall include the provision of all supporting special equipment, labour of required skill, supervision, materials, erection, overheads and profits, watch and ward, insurance charges, during execution and every incidental and contingent costs and charges, whatsoever, excluding GST if any for compliance with conditions of contract and specification. The GST will be paid extra as applicable which shall be claimed along with the Bill.

8. The specifications are intended to cover the execution of all works, necessary to complete the works, with all materials of accepted standards, as specified in the contract.

9. Method of Measurement

General

Unless stated or billed otherwise, all quantities shall be `net` as they finished and provided in the work. The rates and prices shall include all allowances towards wastage of materials required for use in the work.

10. The tenders will be deemed to have ascertained themselves to the extent and nature of the works involved, the various constraints and high degree of skill involved in the works.
11. Time is the essence of contract and the entire work should be completed within a period of 30 **days** as specified in the schedule.
12. The Contractor`s supervisory staff shall be fully experienced in the type of work to be carried out under their supervision.
13. The contractor shall insure plant, machinery and workers employed by him during execution of work and submit necessary insurance policies to the Department.
14. It shall be specifically noted that the contractor is expected to mobilize the required equipment and work force required to complete the entire work included in the contract well within the stipulated period.

15. As a statutory requirement, the contractor shall fulfil all safety standards in the execution of work ,also the contractor shall also take all measures of safety against fire hazard and electrocution at site as follows:-
 - a) All temporary electric supply connections will be carried out with correct sizes of wires/cables and fuses and other safety devices as required under Electricity Rules in consultation with us.
 - b) One bucket full of water and sand shall be kept at the work spot. A Portable fire extinguisher shall also be kept at the work spot.
 - c) No work shall be carried out at Height without lifeline being provided on roof top and workers should hook their safety belt son to these lifelines at all times
16. Quotations with conditions will be out rightly rejected.
17. The Quoter shall inspect the site and fully study the work involved vis-à-vis the quantity and specifications etc. before quoting for the work.
18. Any damage to the property of Port should be made good or compensated by the contractor.
19. After completion of days work/contract period the contractor shall clean, clear the work site to the satisfaction of the Chief Engineer or his site representative.
20. The contractor and his workers /agents shall be required to obtain from MPT and display a Photo Identity Card during entry, stay and exit from the Port Security areas guarded by CISF personnel`
21. All applications for issuance of Photo Identity Card shall be routed through the Chief Engineer, who shall forward the same to the Port's Traffic Department, whose pass section will issue the Photo Identity Card to the contractor free cost and the same shall be valid for the duration of the contract or a period of one year, whichever is less.
22. No temporary structures/sheds which are constructed to house the contractor's office/store/labour hutments shall be permitted to be retained during the period of maintenance.

23. In case the contractor fails to vacate the port premises allotted to him for site office within the stipulated period after the completion of the work, the Board shall have right to debar such defaulting contractors for future contracts of the Board by blacklisting him and shall also be charged penal lease rental at the prescribed rate.
24. The contractor shall quote the prices exclusive of GST. Applicable GST shall be paid on the quoted price. The bidder shall indicate the applicable GST rate on the goods /services in the price bid.
25. GST registration for the bidder is mandatory. Bidder has to enclose attested copy of GST Registration no along with the Tender. GST has to be claimed extra as applicable while Submitting the Bill/bills.
