ADDITIONAL INSTRUCTIONS TO TENDERERS

The instructions to the Tenders shall be Instructions to “Tenderers” as modified or added to by the following Additional Instructions to Tenderers which shall be read and construed with the instructions to tenderers as if they were incorporated therewith.

In so far as any of the provisions in Additional Instructions to Tenderers may conflict with or be inconsistent with the instructions to Tenderers the Additional Instructions to Tenderers shall prevail.

1. Sealed percentage rate tenders are invited in single cover system for work described in the Tender Notice referred to herein before.

2. Earnest Money: No tender will be considered which is not accompanied by the Earnest Money Deposit (E.M.D.) for the sum stipulated in the tender notice which is lodged on the understanding that in the event of the tenderer withdrawing his tender before the expiry of 180 days from the last date of submission of the tender document, (whether or not the submitted tender(s) are opened or otherwise at the time of tenderer withdrawing his tender), the tender shall be cancelled and the Earnest Money (E.M.D) deposited by the tenderer forfeited to the trustees and if the tender is accepted the Security Deposit (SD) mentioned in Para 5 hereinafter will be furnished.

3. Tenderers must fill only percentage above or below in figures as well as in words.

4. Tenderer must return the complete tender set duly signed wherever required. Any tender not so signed will not be considered. Alterations to the conditions of contract and specifications will not be entertained.
5. SECURITY DEPOSIT: The Security Deposit shall be 10% of the value of contract. The Successful Tenderer will be required to deposit the following amounts as Security Deposit for the due fulfillment of the contract.

a. Initial Security Deposit (I.S.D.) shall be 5% of the Contract Price payable within 7 (Seven) days from the date of receipt of pre-acceptance letter, in the form of Bank Guarantee from any of the Nationalized Bank in the form annexed or Demand Draft/ Bankers Cheque/ Pay Order addressed to FA&CAO, MPT/H&L payable at Vasco-Da-Gama, Goa. The Earnest Money (EMD), deposited with this tender EMD will be retained towards part of the Initial Security Deposit. The Contractor will have the option to pay the entire amount of 5% of the Contract Price towards I.S.D in the form of Bank Guarantee. The Bank Guarantee for I.S.D. will be valid till the completion of the maintenance period plus three months for claims period.

b. Retention Money (R.M.) equivalent to 5% of the Contract Price and the sum shall be recovered at the rate of 10% of the gross value of work certified under each bill until an amount of 5% of Contract Price is accumulated. The contractor will have the option to convert the Retention Money so deducted from the bills into acceptable Bank Guarantee(s) for the like sum (s) at any stages (s) of the work.

The entire amount of 10% of the Contract price as Security Deposit may be paid in Cash/ Demand Draft/ Pay Order/Bank Guarantee.

The Bank Guarantee to be furnished against above should be from any of the Nationalized Bank having a branch in Vasco-Da-Gama and the Guarantee should be executed by the said Branch.

Unless this deposit is lodged and the Guarantee is furnished within 7 (Seven) days of the receipt of intimation of the acceptance of the tender or such further period as may be allowed by the Chief Engineer in writing, the Earnest Money (EMD) will be liable to forfeiture and 'contract liable to be terminated "and the Tenderer will be responsible' to the Trustees for the damages thereby incurred by them.

Upon successful completion of the works and after issue of Completion Certificate by the Chief Engineer, before the expiry of the period of maintenance, the Chief Engineer and or Board of Trustees shall upon receipt of a written application, refund to the contractor, the said Retention Money of 5% (Five percent) of the estimated cost of the works referred to in sub-clause 5(b) above after deducting there from the amount of Liquidated damages incurred if any and other claims outstanding against the contractor or for breach of contract. The Initial Security Deposit referred to in sub-clause 5(a) above will be refunded after the expiry of the free maintenance period and as soon as the conditions of contract have been fulfilled and upon contractor making an application therefore, after adjusting estimated / actual expenditure by Mormugao Port Trust for
rectification of defects and after adjusting other amounts due if any for breach of the Conditions of Contract.

Note: The amount of liquidated damages expressed in the Tender Notice to be payable for delay in the performance of the contract has been arrived at on the fair estimate of the amount of loss likely to be sustained by the Trustees as a result (the delay in the performance of the contract.)

6. The entire work comprised in this contract is required to be completed within the period as described in the ‘Tender Notice’. No counter conditions as regards to completion period shall be quoted by the tenderers.

7. The Chief Engineer and/or the Trustees reserve the right to reject any tender without assigning any reasons or to accept any tender as a whole or in part and does not bind himself/themselves to accept the lowest or any tender, No reason will be assigned for the rejection of any tender.

8. If the Tenderers have not carried out any work for the Mormugao Port Trust in the past they shall submit along with, the tender a list of works carried out by them for Government or Public Bodies with their amount showing against each work indicative of its magnitude and their Bankers reference and their Sales Tax Returns.

9. Cost of testing of materials will be borne by the Contractor.

10. Tenderers should note the arrangements described in the tender document for prompt payments of bills.

TENDER NO: CE/ 88/2016

Name of Work: Supplying, Installation, Testing & Commissioning of 10 KLD Sewage Treatment Plant for Cruise Terminal Building at Harbour.

TECHNICAL SPECIFICATIONS

STP - Process Layout & Description

Process is modified activated sludge process with extended aeration. There are two stages in settling tank provided and two aeration tanks provided. Details of process & flow are as given below.

Domestic sewage and grey water is received in Equalization Tank from various conduits and intersection chambers. There is a screen placed at about 1.5 ft distance from the receiving point, which prevents the interference of floating objects with the pumping process.
The Equalization tank is provided with coarse bubble diffusers & baffle wall to ensure proper mixing and prevent settling. The daily capacity is around 10 KLD for max. 18 -20 hrs of treatment.

There are 2 raw water pumps provided in this chamber which ensure transfer of received waste water by eliminating floating material and maceration by cutter assembly.

Wastewater from equalization/receiving tank is transferred to Aeration tank 1, and subsequently to Aeration tank 2 after Tank 1 is full. The fine bubble diffusers start supplying air in Aeration Tank 1 soon after receiving wastewater. Similarly, fine bubble diffusers also start supplying air to Aeration tank 2 after receiving wastewater from overflow of Aeration tank 1 or from supply headers.

After completion of aerobic treatment, the overflow from aeration tanks is transferred to two-stage settling tank system having tube settler media at second stage. This pump starts after 18-20 hours of receiving wastewaters (time may be decided after trials and fed to automation system). The settling two-stage settling tanks systems contain tubular type media and separation wall with specific flow pattern to facilitate settling of the sludge from aeration tank. The sludge from settling tank system is re-circulated in aeration tanks, and whenever excess sludge wasting is required, it is sent to sludge drying beds. Sludge handling system consists of drying bed as well as centrifuge basket.

The supernatant clear water from settling tank systems is sent to settled water tank from where it is sent to two-stage filtration system having provision for dosing of disinfectant. The filtered water is either sent to gardening or stored in filtered water tank having overflow provision connected to storm water drainage within the area. The liquid portion of the sludge drying beds and filter backwash is sent to aeration tanks. There is a separate utility room to be provided for blowers, pumps, control panel, two-stage filtration system, having a seating arrangement for the STP attendant.

The treated water should not be hazardous in nature and shall be well within the parameters. The treated water should be tested and approved by the Pollution Control Board / Health Department of the state for the quality and utility for gardening, washing, etc. The consecutive three samples at the interval of 15 days shall be tested for this purpose in the laboratory at Goa State Pollution Control Board, Health Department or any NABL accredited laboratory recognized by GSPCB/Health Department after the commissioning of plant.

DIRECTIONS TO TENDERERS FOR FILLING IN THE SCHEDULE OF QUANTITIES & RATES

1. Tenderers are required to fill in their percentage rate at the end of the Schedule of Quantities & Rates, in the space provided for the purpose and unless this is done, their tender will not be considered. Only one percentage rate on all Rates of Schedule of Quantities & Rates shall be named.

2. The Percentage Rate inserted shall hold good for all works under this contract, without reference to quantity or location of the work or the variation in the estimated quantity.

3. Quantity of item of work mentioned in the Schedule should be noted and the percentage rate worked out carefully, having regard to the specifications before submitting the tender, as no variation in rates, etc. will be allowed on any ground such as mistake or misunderstanding etc. after the tender has been submitted. The percentage rate, above or below the Schedule/ Estimated rate, indicated at the end of the Schedule of Quantities & Rates, will apply to each item, of the tender and any excess in the item that may be directed to be executed by the Chief Engineer. Tenderers should ascertain the approximate quantity given in item description before quoting the subject work.

4. Tenderers are requested to note that though the contract is for percentage rate, they are required to add or deduct the amount due to this percentage, as the case may be and work out the final figures (amount of their tenders), at the end of the Schedule of Quantities & Rates.

5. The Percentage Rate should be legibly written in figures as well as in words, in the space provided for. Erasures or corrections in figures or in words, without Tenderer’s initials, will render the tender liable for rejection.

FORM OF PERFORMANCE GUARANTEE / BANK GUARANTEE BOND

In consideration of the Board of Trustees of Mormugao Port Trust (hereinafter called 'The Board') having offered to accept the terms and conditions of the proposed Agreement between ______________________ and ______________________ (hereinafter called “The said Contractor(s)”) for the work _________________________________ (hereinafter called “The said Agreement”) having agreed to production of an irrevocable Bank Guarantee for Rs.___________ (Rupees __________________________________________ only) as a security / guarantee from the contractor(s) for compliance of his obligations in accordance with the terms and conditions contained in the said agreement

1. We, _______________________________ (indicate the name of the Bank) (hereinafter referred to as the “Bank”) hereby undertake pay to the Board an amount not exceeding Rs. ________________ (Rupees _________________________________) on demand by the Board.

2. We, ____________________________ Bank, do hereby undertake to pay the amounts due and payable under this Guarantee without any demur, merely on a demand from the Board stating that the amount claimed is required to meet the recoveries due or likely to be due from the said Contractor(s). Any such demand made on the Bank shall be conclusive as regards the amount due and payable by the Bank under this Guarantee. However, our liability under this Guarantee shall be restricted to an amount not exceeding Rs. ___________________ (Rupees ______________________ only).

3. We, the said Bank, further undertake to pay to the Board any money so demanded notwithstanding any dispute or disputes raised by the Contractor(s) in any suit or proceeding pending before any Court or Tribunal relating thereto, our liability under this present being absolute and unequivocal. The payment so made by us under the bond shall be a valid discharge of our liability for payment there under, and the contractor(s) shall have no claim against us for making such payment.

4. We, the said Bank, further agree that the Guarantee herein contained shall remain in force and effect during the period that would be taken for the performance of the said agreement and it shall continue to be enforceable till all the dues of the Board under or by virtue of the said agreement have been fully paid, and its claims satisfied or discharged or till the Engineer-in-charge, on behalf of the Board that certifies that the terms and conditions of the said agreement have been fully and
properly carried out by the said contractor (s), and accordingly discharge this
guarantee.

5. We __________________________ further agree with the Board that
the Board shall have the fullest liberty without our consent, and without affecting
in any manner our obligations hereunder, to vary any of the terms and conditions
of the said agreement or to extend time of performance by the said contractor (s)
from time to time or to postpone for any time or from time to time any of the
powers exercisable by the Board against the said contractors(s) and to forbear or
enforce any of the terms and conditions relating to the said agreement, and we
shall not be relieved from our liability by reason of any such variation or extension
being granted to the said contractor (s) or for any forbearance, act of omission on
the part of the Board or any indulgence by the Board to the said contractor(s) or
by any such matter or thing whatsoever which under the law relating to sureties
would, but for this provision, have effect of so relieving us.

6. This Guarantee will not be discharged due to the change in the constitution of the
bank or the contractor(s).

7. We __________________________ lastly undertake not to revoke the Guarantee
except with the previous consent of the Board in writing.

8. This Guarantee shall be valid up to ___________ unless extended on demand by
the Board. Notwithstanding anything mentioned above, our liability against this
Guarantee is restricted to Rs. ___________ (Rupees _______________ _______________
only), and unless a claim in writing is lodged with us
within six months of the date of expiry or extended date of expiry of this
Guarantee, all our liabilities under this Guarantee shall stand discharged,
